

WEST LAWN

54 CLARENDON ROAD  
SHEFFIELD 10

TELEPHONE 35160

Dear Mr & Mrs. Keeling,

10-1-64.

Thank you for your wonderful letter. I shall be happy to see you both & if next Saturday at about 11 a mid-day would suit you. I shall reserve that time. After my journey I am more than ever convinced that we must continue our work to overcome the problems that can arise in treatment. I hope that in the very near future there

will be established a special Research Fund  
to build & maintain here in Sheffield a  
Research Centre for the study of Hydrocephalus  
Your two contributions will be the  
first to be received by the fund.

Thank you very much for your confidence  
that we would do our best for John. I believe  
that with the help & support of parents like  
yourself we can make a great advance  
I believe John & others like him are now our  
great helpers & we must succeed,  
My good wishes to you both  
Yours sincerely  
R. M. G. G. G.
